Dear Sir/Madam:

This correspondence is to provide the North Carolina Division of Waste Management, Hazardous Waste Section with updated information on the above EPA ID Number. Avery Dennison Manufacturing operations at this facility have ceased. Although office personnel will still be in the building and using the office space (sales, sales support, etc.) all of the actual production equipment and associated chemicals will be out of the plant by 7/15/16. Avery Dennison Corporation therefore requests a recession of this RCRA permit.

If there are any outstanding fees associated with this permit or you have any other need to contact ADC, please contact....
