Mr. Mark Bivins, Director of Solid Waste  
Lincoln County Landfill  
5291 Crouse Road  
Crouse, North Carolina 28033

Subject: Permit to Operate, Determination of Completeness  
Permit No. 5503-CDLF-1999, Lincoln County C&D Unit  
Lincoln County, DIN 26745

Dear Mr. Bivins:

On April 11, 2016 the Division of Waste Management, Solid Waste Section (Section) received a permit renewal application for the Lincoln County Construction and Demolition Debris Landfill (CDLF), Permit No. 5503-CDLF-1999, entitled;

*Amendment to Permit, Lincoln County Construction and Demolition, Phase 3. Prepared for Lincoln County. Prepared by MESCO. April 2016. DIN 25940.*

**Determination of Completeness**

The Section has performed a review of the County's application for a determination of completeness and determined the application is complete, in accordance North Carolina General Statute NCGS 130A-295.8(e). A determination of completeness means the application contains the required components in accordance with North Carolina Administrative Code 15A NCAC 13B .0500.

The Lincoln County Landfill facility is currently constructing the next phase of the municipal solid waste landfill (MSWLF). As previously discussed, the Section has determined that it will issue an amended permit to operate for the facility, including the CDLF permit renewal, upon completion of construction, submission, review and approval of construction quality assurance documentation (CQA) for the MSWLF expansion. Until that time the CDLF is authorized to continue operations in accordance with the approved plans, including DIN 25940 referenced above.

Should you have any questions regarding this matter you may contact me at (828) 296-4704 or at [larry.frost@ncdenr.gov](mailto:larry.frost@ncdenr.gov).

Sincerely,

Larry Frost, Engineering Project Manager  
Permitting Branch, Solid Waste Section  
Division of Waste Management, NCDEQ
