Subject: Permit to Construct and Operate
Pitt County Materials Recovery & Recycling Facility
Permit No. 7404-MWP-2016, Pitt County, Document ID No. 26752

Dear Mr. Demary:

Please find the enclosed permit to construct and operate and approved application for the Pitt County Materials Recovery & Recycling Facility (Permit No. 7404-MWP-2016). The permit to construct is effective now. The permit to operate does not become effective until completion of construction and fulfillment of the conditions noted in Attachment 2 (Permit to Construct), Part VI.

In general, the facility permit does not reiterate the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plan. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov. The Environmental Senior Specialist for the facility is Ray Williams. He can be reached at (252) 948-3955.

Sincerely,

Patricia M. Backus, P.E., Environmental Engineer
Division of Waste Management, NCDEQ
