Subject: RE: MCB Camp Lejeune Site UXO-19 Remedial Design for Team Review
Attachments: LUC Checklist OSWER Directive 9355 6-12 (00000002).pdf

Hello,

Good job on the Draft Site UXO-19 Remedial Design. I have just a couple of comments that refer to areas that did not capture timeframes suggested in the EPA OSWER LUC Checklist #10 and #11.

Section 3.2.7 Monitoring Land Use Controls. The 3rd sentence of the first paragraph (page 3-5), the text refers to notifying the regulators within 10 days (after discovery of a LUC breach.) However, the next-to-last sentence on page 3-5 states that the regulators will be notified no longer than 30 days after discovery. Please modify "30 days" to "10 days" to be consistent with the EPA LUC Checklist (attached).

Section 3.2.8 Enforcement. Page 3-6, first paragraph, first sentence. The text states that the Navy and/or MCB Camp Lejeune will begin the process of addressing the LUC breach no later than 30 days after the Navy becomes aware of the breach. Please modify to "30 days" to "10 days" to be consistent with the EPA LUC Checklist.

Please let me know if you would like to discuss the comments.

Thanks,

Jennifer

Subject: MCB Camp Lejeune Site UXO-19 Remedial Design for Team Review

Good Morning,

The MCB Camp Lejeune Site UXO-19 Remedial Design for Land Use Controls is ready for Partnering Team Review. The document has been posted to the IR portal: http://lejeune.lantops-ir.org/sites/DocReview/Project%20File%20Review/Draft_UXO-19_RD_LUCs.pdf
CDs and hard copies will be shipped later this week as described in the attached cover letter.

Please let me know if you have any questions or concerns.

Thanks!

Kristin
