**Subject:** RE: Site UXO-19 Draft Survey Plat Map  
**Attachments:** UXO\_19 LUC Plat, DPS Review.pdf

Note 10 and 11 in the notes section below the vicinity map on the plat map includes the abbreviation (MEC) after "Intrusive Activities Control". This is confusing at the least since the abbreviation doesn't match the words and MEC at UXO Sites usually means Munitions and Explosives of Concern. Please clarify or make appropriate changes. The States Survey Group with the Dept. of Public Safety (DPS) has completed a review as well and all survey details are approved by them. See attached DPS check list. We understand that the Surveyors signature will be included on the final.

Randy,

The LUC survey plat for Site UXO-19 has been updated with a corrected legend. Please let me know if you have any additional questions or concerns. Thank you.

Daniel,

The Legend at the top of the Plat Map and the notes on the plat map appear to contradict one another. According to the legend the hashed area should be the "Undeveloped Area Land Use Control". It is critical that this be properly communicated.

Please clarify or make appropriate corrections and resubmit.

I have forwarded it to our Land Survey Section of the DPS as usual and will forward any comments they have.

Thanks,

W. Randy McElveen

Jennifer and Randy,

I have attached a draft of the Site UXO-19 Land Use Control Plat Map for your review. Following your review and incorporation of your comments, the plat map will be sent for recordation with Onslow County. Please let us know if you have any questions or concerns.

Thank you.
