Subject: Determination of Completeness – Application Incomplete
Haywood County White Oak Landfill
Haywood County, Permit # 4407-MSWLF-1993, Document ID 26689

Mr. Vail,

The Division of Waste Management, Solid Waste Section (Section) has received your application submittal titled *Phase 4 and 5 Permit to Construct* (DIN 26425) for the above referenced facility. The application was received in the Asheville Regional Office on July 5, 2016.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. All of the components required by 15A NCAC 13B.1617(e) have not been submitted so the application is deemed **incomplete**.

In order for the application to be considered complete, please submit the Design Hydrogeologic Report and Water Quality Monitoring Plan to Mrs. Elizabeth Werner in the Raleigh Central Office.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov .

Sincerely,

Allen Gaither
Environmental Engineer
