Subject: Determination of Completeness – Application Complete
Haywood County White Oak Landfill
Haywood County, Permit # 4407-MSWLF-1993, Document ID 26850

Mr. Vail,

The Division of Waste Management, Solid Waste Section (Section) has received the *Design Hydrogeologic Report* and *Water Quality Monitoring Plan* as part of the Phases 4 & 5 PTC submittal at the above referenced facility. These documents were submitted on your behalf by Bunnell-Lammons Engineering, Inc. and received in the Raleigh Central Office.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. All of the components required by 15A NCAC 13B.1617(e) have now been submitted so the application is deemed **complete**.

If any additional information is required to complete the permitting activity, it will be requested under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov .

Sincerely,

Allen Gaither
Environmental Engineer

CC: Mr. David Francis – Haywood County
Mr. Vance Moore – Garrett & Moore
Mrs. Elizabeth Werner – SWS/RCO
