Re: Quarterly Progress Report
October 2012 through December 2012
DuPont-Kentec Site
4610 Braxton Road
Grifton, North Carolina
Site ID No. NONCD 002818
URS Project No. 18985580

Dear Ms. Macdonald:

This quarterly progress report has been prepared by URS Corporation–North Carolina (URS), to document progress at the DuPont-Kentec site located at 4610 Braxton Road (the site) in Grifton, North Carolina during the period of October 2012 through December 2012. This quarterly report meets the requirements set forth in Section III E of the consent agreement entered into by DuPont Corporate Remediation Group and Unifi Kinston, LLC on June 4, 2010. During the period of October 2012 through December 2012, the following activities were completed or are currently ongoing:

- On June 4, 2010, DuPont Corporate Remediation Group (DuPont) and Unifi Kinston, LLC (Unifi) entered into an Administrative Agreement (AA) for Registered Environmental Consultant-Directed Assessment and Remedial Action pursuant to N.C.G.S. 130A-310.9(c) and 15A NCAC 13C .0300 for the site. As documented in the AA, within thirty-six (36) months after the execution of the AA, the remedial investigation at the site must be completed including both the submittal of a Remedial Investigation Completion report and Remedial Investigation Completion statement, both certified in accordance with .0306(b) by the Registered Environmental Consultant (URS) and the Remediator (DuPont and Unifi).
- A draft Remedial Investigation Completion (RIC) report has been completed to document that the remedial investigation activities performed at the site meet the requirements set forth in Section III B of the consent agreement entered into by DuPont Corporate Remediation Group and Unifi Kinston, LLC on June 4, 2010. Pending final review by DuPont and Unifi, this report will be submitted to the North Carolina Department of Environment and Natural Resources. As most of the remedial investigation requirements pursuant to 15A NCAC 13C .0306(g) and .0306(h) had already been completed as part of previous site assessment actions (as directed and approved by the NCDENR), this RIC report will serve to: (1) demonstrate that the component requirements of .0306(g) and

.0306(h) have been met; and, (2) reference where the component requirements of .0306(g) and .0306(h) can be located in existing documents on file with the NCDENR. The RIC Report also includes updated information where relevant and/or where the existing data did not sufficiently meet the component requirements of .0306(g) and .0306(h). This additional information includes; updated groundwater quality and flow data (as sampled in November 2007, November 2008, December 2009, and September 2011), an updated potable water well survey (completed in September 2011), and a survey of the site completed by East Group, PA of Greenville, NC. This survey was completed to meet the requirements of 15A NCAC 13C .0306(g)(4).

Work at the site, being completed in accordance with the requirements of the June 4, 2010 REC AA, is progressing in a manner to achieve the mandatory work phase completion deadlines set out in 15A NCAC 13C .0302(h).

-oOo-

The required certifications by the remediating parties and the REC are attached. Please call me at (704)522-0330 with any questions.

Sincerely,

URS CORPORATION – NORTH CAROLINA

REGISTERED SITE MANAGER CERTIFICATION OF SIGNATURES

As the Registered Environmental Consultant for the Site for which this filing is made, I certify that the signatures included herewith are genuine and authentic original handwritten signatures and/or true, accurate, and complete copies of the genuine and authentic original handwritten signatures of the persons who purport to sign for this filing. I further certify that I have collected through reliable means the originals and/or copies of said signatures from the persons authorized to sign for this filing who, in fact, signed the originals thereof. Those persons and I understand and agree that any copies of signatures have the same legally binding effect as original handwritten signatures, and I certify that any person for whom I am submitting a copy of their signature has provided me with their express consent to submit said copy. Additionally, I certify that I am authorized to attest to the genuineness and authenticity of the signatures, both originals and any copies, being submitted herewith and that by signing below, I do in fact attest to the genuineness and authenticity of all the signatures, both originals and copies, being submitted for this filing.
