<b>PROJECT:</b> King's Scooters (STK Properties)	<b>COUNTY:</b> New Hanover
<b>CONVERSATION WITH:</b> Dave Wallen	<b>TELEPHONE:</b> 910-794-8845
<b>AFFILIATION:</b> Attorney for Tony Karafas (STK Properties)	
<b>DISCUSSION:</b>	
<p>Dave Wallen said he was trying to help Mr. Tony Karafas fill out the questionnaire that my letter had requested. He said that they knew that a Phase 2 real estate assessment had been done for the site but it had been done by the bank and Mr. Karafas had never received a copy. Dave said that currently the city is tearing up the area around the site for the street repairs. They were probably 80% done. He said that since Mr. Karafas had never received a copy of the report, they couldn't really answer a lot of the questionnaire questions. I said that if they couldn't answer any of the questions there was no need to fill out the questionnaire. I then told him that the Phase 2 report was now on file with us and Mr. Karafas could come make a copy of it if he wanted. We set up file review for 2 pm.</p>
