MEMORANDUM

Date: March 12, 2013

To: File - Sutton Property
LaGrange, Lenoir County, NC
NONCD0002915

From: Sue Robbins, Hydrogeologist
Inactive Hazardous Sites Branch
Wilmington Regional Office
(910) 796-7411

Re: WSW sampling request

As follow up to my request to investigate/sample the potential neighboring water supply wells (204, 206, and 217 S. Carey Street), Vince contacted the Lenoir County Water & Sewer Department. All three residences in question are hooked up to city water.

According to reports prepared for the UST Section for the Hugh D. Waller - Travelers Site, one well located at 202 S. Carey Street was abandoned according to State regulations. It was also determined that no supply wells are present at 204 and 206 S. Carey Street.
