SANITARY LANDFILL  
ANNUAL REPORT

FOR THE PERIOD OF JULY 1, 1990 - JUNE 30, 1991

Solid waste disposal facilities are a vital part of the North Carolina infrastructure to manage solid waste. This report gathers information about solid waste facilities in the state.

Separate surveys have been sent to all counties and cities to gather information about other components of solid waste management programs in North Carolina.

Thank you for your assistance in completing this report. The information gathered as a part of this process should be of value to local governments and the state in assessing waste management programs and needs in planning for the future.

If you have any questions or concerns regarding this report please contact the Solid Waste Section at 919-733-0692 or a waste management specialist. Completed forms should be returned to the waste management specialist for your area. Refer to the attached map for names and addresses. A copy of this report should be sent to the county manager of each county served by this facility.

**P**

- Yes If yes, please describe: \_\_\_\_\_
- No

**Other Comments**

We would appreciate your comments about this report or other matters regarding solid waste management in North Carolina. Thank you for your time.

Accurate accounting cannot be conducted until the installation of weighing equipment, which is forecast to become operational by April 92.

In addition to the sanitary fill, solid waste is also disposed of through demolition landfill, recycling activities, using motor oil as heating fuel, and sale or contracts through Defense Reutilization and Marketing Office for hazardous waste, tires, metal white goods, batteries, etc.

This report should be sent to the waste management specialist for your area.

Person completing this form: Mr. J. W. Squire Phone: 919-396-3372
