NCD003467974

Dear Mr. Foster:

The documents received by this office on April 27, 2016 in response to our letter of February 19, 2016 indicate that sub-slab passive vapor recovery systems and vapor barriers were installed during the constructions of the current medical buildings. Based on the information provided, this office determines that no soil vapor assessment is needed for the subject site. If you have any questions regarding this letter, please contact **Gene Mao at the Guilford County Department of Health and Human Services**, 400 W. Market Street, Suite 300, North Carolina 27401 and/or **(336) 641-3589**.

Sincerely,

Qu Qi, L.G.
Central Region Unit Supervisor
Inactive Hazardous Site Branch
Superfund Section
Division of Waste Management, NCDEQ
