Mr. Richard Doby
Waste Management Specialist
North Carolina Department of Environment,
Health, and Natural Resources
495 Woodend Drive
Concord, NC 28205

Dear Mr. Doby:

Enclosed for your review is the "Sanitary Landfill Annual Report" for the City of Albemarle. The first eight months are calculated averages because of no scale installation.

March 1992 was the first month we were able to weigh the incoming waste stream. Actual figures are listed for March through June.

If you should have any questions, please do not hesitate to contact me.

Thank you.

Sincerely,

James C. Coble
Public Works Director
