RE: Request To Eliminate Well MW-14A From The Monitoring Program,
CMS Landfill (Permit No. 13-04)

Dear Mr. Quarles,

The Solid Waste Section Hydrogeologic Unit has reviewed S&ME's letter of January 26, 1996 in reference to monitoring well MW-14A at the CMS MSWLF. Based upon the information submitted the Solid Waste Section is authorizing CMS Development Corporation to eliminate well MW-14A from the monitoring program.

Well MW-14A needs to be properly abandoned according to 15A NCAC 2C .0113(a)(2). It is not necessary to disinfect the well prior to abandonment. Please submit a copy of the Well Abandonment Record to the Solid Waste Section within 30 days of completing the abandonment of the well.

If you have any questions about this letter, you may contact me at (919) 733-0692, extension 258.

Sincerely,

Bobby Lutfy
Hydrogeologist
