Re: Approval of Task Orders 782DP-10A  
Central Park LDFL  
East Salem Avenue, Winston Salem, Forsyth County, NC 27127  
ID # NONCD0000782

Dear Ms. Ness:

The Division of Waste Management, Superfund Section, Pre-Regulatory Landfill Unit has reviewed the **November 15, 2012 work plan & cost proposal** for the remedial investigation – waste delineation activities associated with Task Order **782DP-10A**. Based on that review, the *work plan & the cost proposal* in the amount of **\$2,844.95** is approved. This letter serves as notification of that approval and as authorization to proceed with activities associated with that work plan.

While the total expense on the invoice cannot exceed the amount approved, individual task components within this task approval may vary. Any increase in cost to this scope of work must be approved prior to implementation. A task order addendum must be requested to cover an additional scope of work or unforeseen site circumstances. Notify me immediately and request additional funds to cover eligible and reasonable costs. Cost of additional work conducted without approval will be ineligible for payment.

Please notify me of the date that field activities are scheduled so that the property owners can be notified.

The report summarizing the results of the remedial investigation – **782DP-10, 782DP-10A, and 782DP-10B** field and laboratory activities should be provided to the Unit in seven (7) days after laboratory analyses are complete and approved..

Sincerely,

Zi-Qiang Chen, PhD, Environmental Engineer  
Pre-Regulatory Landfill Unit, Inactive Hazardous Sites Branch,  
Superfund Section,  
NC Division of Waste Management
