**REPORT:**

World Citrus Inc previous operated at 2720 University Parkway. It was a Conditionally Exempt Small Quantity Generator that generated D001 waste.

I visited the facility on March 9, 2016 to do an inspection. The facility had closed and manufacturing is no longer done at this address.

Extra Space Storage is currently at the address. I talked with Danielle Johnson, Assistant Site Manager. She said the facility is not a generator of hazardous waste. No hazardous waste is on site.

The facility listing should be changed to Not A Generator.

**CONCLUSIONS:**

World Citrus Inc is closed. The facility listing should be changed to Not A Generator.
