Re: Inactive Hazardous Waste Sites Priority List
Rabo Cleaners
Greenville, Pitt County

Dear Mr. Chu:

The site listed above has been included on the October 2009 Inactive Hazardous Waste Sites Priority List (Priority List) in accordance with North Carolina General Statutes Section 130A-310.2. The Priority List is a list of sites where uncontrolled disposal, spills, or releases of hazardous substances have been identified. A special priority system (North Carolina Administrative Code Title 15A Subchapter 13C Section 0.200) is used to rank the sites in decreasing order of danger to public health and the environment.

This letter is being sent to you to fulfill our statutory duty to notify those who own and those who at present are known to be responsible for each site on the Priority List. A copy of the Priority List with each site's rank appearing in the right-hand column is attached. This list is in alphabetical order by site name to make it easier for you to locate your score.

Any responsible party that has not already done so, must take the initial abatement actions required under North Carolina groundwater quality regulations (15A NCAC 2L). Pursuant to 15A NCAC 2L .0106(b), any person conducting or controlling an activity which results in the discharge of a waste or hazardous substance to the groundwater of the State, or in proximity thereto, shall take immediate action to terminate and control the discharge, and mitigate any hazards resulting from exposure to the pollutants. Pursuant to 15A NCAC 2L .0106(c), if groundwater standards have been exceeded, a responsible party must take immediate action to eliminate the source or sources of contamination. Beyond initial abatement actions, all assessment and cleanup will be done through the Inactive Hazardous Sites Response Act (N.C.G.S. 130A-310) authority.

Under the Inactive Hazardous Sites Response Act, persons who move forward to assess and clean up contamination, without being compelled to do so through formal legal action filed against them, are called "volunteers." To participate in the Inactive Hazardous Sites Branch's voluntary cleanup program, you will be required to enter into an administrative agreement with the Branch. If a responsible party or owner wishes to voluntarily perform a site cleanup, they should first complete a Site Cleanup Questionnaire available at <http://www.wastenotnc.org/sfhome/SiteCleanupQuestionnaire.htm>. The voluntary cleanup will proceed through the Registered Environmental Consultant Program or under direct oversight by the Branch Staff, as discussed below.

The Branch has a privatized oversight arm of the voluntary cleanup program known as the Registered Environmental Consultant ("REC") program. Based on the responses provided on the questionnaire (degree of hazard and public interest in the site), the Branch will determine whether a staff person or an REC will perform the oversight and approval of your assessment and cleanup action. Please note that having one or more of the conditions identified on the questionnaire does not necessarily preclude the site for qualifying for an REC-directed cleanup action.

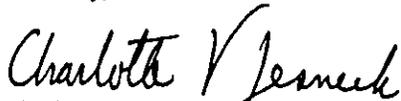

Under the REC program, the volunteer hires an environmental consulting firm, which the State has approved as having met certain qualifications, to implement a cleanup and certify that the work is being performed in compliance with regulations. In other words, the REC's certifications of compliance are in place of direct oversight by the Branch. Details of the REC program can be found at <http://www.wastenotnc.org/sfhome/recprog.htm>. If you have any questions specific to the REC Program, including how to participate, please contact the REC Program Manager, Kim Caulk, at (919) 508-8451.

If the Branch determines that the site should be assessed and cleaned up with direct State oversight, it will not be eligible for a REC-directed cleanup. Rather, the cleanup action will receive direct oversight by Branch staff.

Failure of a responsible party to take the initial abatement steps required in 15A NCAC 2L may result in the assessment of a civil penalty against that responsible party. In addition, the Branch may seek an injunction compelling compliance with the initial abatement steps required in 15A NCAC 2L. For future work beyond the initial abatement steps required pursuant to 15A NCAC 2L, a unilateral Order may be issued pursuant to § 130A-310.3 to compel assessment and cleanup.

If you have any questions, you may contact Bruce Parris, Western Regional Supervisor at (704) 235-2185, John Walch, Eastern Regional Supervisor at (919) 508-8485 or me at (919) 508-8460. You can view a Branch regional map at http://www.wastenotnc.org/sfhome/IHSB_RegionalMap.htm to determine if your site lies in the western or eastern region. Those who are interested in reviewing the Superfund Section's files on any of these sites may contact Scott Ross at (919) 508-8475, to schedule an appointment.

Sincerely,

Charlotte V. Jesneck, Head

To: Brad Atkinson <brad.atkinson@ncmail.net>

Brad,
Thanks for the offer, but I don't need a copy or to even see the file. I am actually sending my small file to join the IHSB file for this site in Raleigh. As far as I know we don't have a PM for this site yet, since it isn't ranked high enough to be a priority yet. All I did was send them a letter notifying them that they had been referred to our program. They never responded, so as far as I know this one is inactive for us at this time. Thanks again and I appreciate you trying to keep us in the loop.

Ginny,

I have temporarily taken over a BF site in Greenville while the actual PM is out. That site is downgradient from the RABO cleaners. I have some plume maps of PCE contamination downgradient of RABO.

I spoke to John briefly about the site.

The name of the BF project is Carolina Cove but is sometimes referred to as Lakeview Terrace. The project files will probably not be in the BF file room until the Brownfields Agreement is completed. That could be a few months. Until then, either I or another PM will have the files.

Let me know if you need a copy of the main parts of the report or if you want to wait until you are in Raleigh to take a look at the info.

Re: Rabo Cleaners
701 Hooker Road
Greenville, Pitt County, North Carolina

Dear Mr. Chu:

The NC Dry-Cleaning Solvent Cleanup Program recently referred the Rabo Cleaners in Greenville (the Site) to the Inactive Hazardous Sites Branch (IHSB) of the Division of Waste Management's Superfund Section. Information provided to the IHSB indicates that there is evidence of dry-cleanine solvent contamination at the Site. Based on this information, the site has been added to the IHSB's inventory of sites requiring further assessment and possible cleanup.

If you are interested in proceeding with assessment and, if necessary, cleanup activities at this Site, you can volunteer to perform these activities under the IHSB's voluntary cleanup program. To participate in this program and receive the IHSB's approval, you must notify the IHSB in writing that you wish to perform voluntary cleanup activities and also submit a completed Site Cleanup Questionnaire, a copy of which can be obtained on our website. Additional information regarding the IHSB's voluntary cleanup program can be found online at <http://www.wastenotnc.org/sfhome/ihsbrnch.htm>.

If you are not interested in conducting a voluntary cleanup at this time, the Site will be addressed by the IHSB in order of priority. At the time the Site becomes a priority, the IHSB will require the responsible parties to conduct assessment activities and any necessary cleanup of Site contamination.

Please direct your responses to: Ginny Henderson

ARTICLES OF INCORPORATION
OF
SEVENCHU, INC.

The undersigned, being a natural person of the age of eighteen years or more, does hereby make and acknowledge these Articles of Incorporation for the purpose of forming a business corporation under and by virtue of the laws of the State of North Carolina, as contained in Chapter 55 of the General Statutes of North Carolina entitled "North Carolina Business Corporation Act":

I.

The name of the corporation is SEVENCHU, INC.

II.

The aggregate number of shares which the corporation shall have authority to issue is Ten Thousand (10,000) shares of a single class of common capital stock.

III.

The street address, mailing address, and county of the initial registered office of the corporation is 701 Hooker Rd., Greenville, N.C. 27834, (Pitt County), and the name of the initial registered agent at such address is Hyung Sun Lee.

IV.

The street address and mailing address and county of the principal office of the corporation is 701 Hooker Rd., Greenville, N.C. 27834 (Pitt County).

V.

The name and address of the incorporator is:

Name

Eric W. Hardin

Address

100 N. Greene Street, Suite 600
Greensboro, NC 27401

VI.

The number of directors of the corporation may be fixed by the bylaws. The number of directors constituting the initial Board of Directors shall be one (1) and the name and address of the person who is to serve as director until the first meeting of shareholders or until their successors are elected and qualified is:

Name

Hyung Sun Lee

Address701 Hooker Rd.
Greenville, N.C. 27834.

VII.

To the fullest extent permitted by the North Carolina Business Corporation Act as it exists or may hereafter be amended, no person who is serving or who has served as a director of the corporation shall be personally liable to the corporation or any of its shareholders for monetary damages for breach of duty as a director. No amendment or repeal of this article, nor the adoption of any provision to these Articles of Incorporation inconsistent with this article, shall eliminate or reduce the protection granted herein with respect to any matter that occurred prior to such amendment, repeal, or adoption.

VIII.

Pursuant to N.C.G.S. §55-7-04, or any legislation of similar import later adopted, action required to be taken at a meeting of shareholders may be taken without a meeting and without any prior notice by shareholders having not less than the minimum number of votes that would be necessary to take the action at a meeting at which all shareholders entitled to vote were present and voted.

IX.

These articles will be effective at 12:01 a.m. on the day of filing.

This the 19th day of February, 2007.

CERTIFIED MAIL RETURN RECEIPT

SevenChu, Inc.
Attn: Mr. Bong Jin Chu
701 Hooker Road
Greenville, NC 27834

RE: Petitioner Questionnaire
Rabo Cleaners, Greenville
DSCA Site # 74-0006

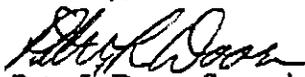

Dear Mr. Chu,

In November 2007, we received a petitioner questionnaire indicating that you represent SevenChu, Inc., and that SevenChu, Inc., is petitioning for entry into the Dry-cleaning Solvent Cleanup Act (DSCA) Program. A copy of the questionnaire that was sent to us is attached. During December 2007, I tried to reach you by phone and by e-mail to find out who owns the property where Rabo Cleaners is located. When we spoke on January 9, 2008, I was led to believe that you would be getting back to me regarding the owner of the property.

If you are still interested in entering the DSCA Program, please contact me by April 10, 2008. If I do not hear from you, I will refer your site to the Inactive Hazardous Sites Branch and you may be liable for the costs of assessing and cleaning up contamination at the site.

If you have any questions, please contact me at peter.doom@ncmail.net or (919)508-8578.

Sincerely,

Peter L. Doom, Supervisor
DSCA Cleanup Unit
