Dear Mr. Aufman:

AECOM is pleased to submit this quarterly letter status report, due April 15, 2014, to summarize work performed this past quarter at the above-referenced site. In summary, the work completed includes: (1) review of soil and groundwater analytical data collected on December 16, 2013, updating of data tables and figures for future use in the RI Report, and summarization of analytical data gaps in the RI process; (2) development of a draft RI Work Plan (RIWP) Addendum; and (3) preliminary telephone discussions with one of the off-site property owners. This quarterly status report confirms that work is progressing in a manner to achieve the mandatory work phase completion deadlines set out in 15A NCAC 13C .0302(h).
