Re: Revision of 1992-93 Solid Waste Annual Report

Dear John:

Enclosed you will find an updated, revised Solid Waste Annual Report for 1992-93. The previous report included all materials accepted at the Brunswick County Sanitary Landfill located south of Bolivia on Highway U.S. 17. The revised report excludes yard waste, white goods/metals and tires from March until June. We are actively either recycling (tires, white goods/metals) or reusing (stockpiling yard waste for mulching operation).

Thank you for your assistance in this matter. If we can answer any questions you may have, please feel free to contact our office.

Sincerely,

*Mary S. McCarley, R.S.*
