**SANITARY LANDFILL
 ANNUAL REPORT**

FOR THE PERIOD OF JULY 1, 1992-JUNE 30, 1993

Solid waste disposal facilities are a vital part of the North Carolina infrastructure to manage solid waste. This report gathers information about solid waste facilities in the State.

Separate surveys have been sent to all counties and cities to gather information about other components of solid waste management programs in North Carolina.

Thank you for your assistance in completing this report. The information gathered as a part of this process should be of value to local governments and the State in assessing waste management programs and future solid waste planning.

If you have any questions or concerns regarding this report please contact the Solid Waste Section at 919-733-0692 or a Waste Management Specialist. Completed forms must be returned to the Waste Management Specialist for your area. Refer to the attached map for names and addresses. ATTENTION: JAMES PATTERSON
WASTE MANAGEMENT SPECIALIST

Dear Jim:

Attached is the completed Sanitary Landfill Annual Report (July 1992 – June 1993) and a copy of our plant monthly data (scrap metal is recycled material and the alternate fuels boiler or AFB is energy recovery from waste). Our landfill is an Industrial landfill for DuPont use only.

If there are any questions, please call me at (704) 885-5671.

Sincerely,

A handwritten signature in cursive script that reads "Edward K. Hallowell".
