DEMOLITION LANDFILL  
 ANNUAL REPORT

FOR THE PERIOD OF JULY 1, 1992-JUNE 30, 1993

Solid waste disposal facilities are a vital part of the North Carolina infrastructure to manage solid waste. This report gathers information about solid waste facilities in the State.

Separate surveys have been sent to all counties and cities to gather information about other components of solid waste management programs in North Carolina.

Thank you for your assistance in completing this report. The information gathered as a part of this process should be of value to local governments and the State in assessing waste management programs and future solid waste planning.

If you have any questions or concerns regarding this report please contact the Solid Waste Section at 919-733-0692 or a Waste Management Specialist. Completed forms must be returned to the Waste Management Specialist for your area. Refer to the attached map for names and addresses. A copy of this report must be sent to the County Manager of each county served by this facility.

Facility Name Fort Bragg Demolition Landfill Permit Number 26-C  
 Address Fort Bragg, North Carolina  
 Location Fort Bragg, North Carolina 28307-5000  
 Facility Owner United States Army

SANITARY LANDFILL CONTINUATION

OTHER COMMENTS

1. The demolition landfill (26-C) was temporarily closed 1 Feb 93 and debris, yard waste and asbestos materials are being placed in the borrow cell on the perimeter of the sanitary landfill. This is being done to fill the borrow cell and establish a gradual transition from the sanitary landfill to the surrounding terrain.

2. Motor oil and contaminated fuels are collected and incinerated at the central heating plant.

3. Recyclable materials and hazardous materials or hazardous waste to include tires, batteries and white goods are disposed of through Defense Reutilization and Marketing Office.

4. Scales became operational April 1993.

5. Vertical expansion began June 1, 1993.

DEMOLITION LANDFILL CONTINUATION

OTHER COMMENTS

Scales became operational April 1, 1993. Solid waste was diverted to the Sanitary Landfill (26-02) borrow cell beginning February 1, 1993 and will continue until borrow cell is filled.
