938 Millers Chapel Road
Goldsboro, Wayne County, North Carolina
Site ID: NONCD0002891

Dear Ms. Macdonald:

In accordance with Section III.E of the executed Registered Environmental Consultant (REC) Administrative Agreement for the Goldsboro Milling Company, Mill #1 Property, Terracon Consultants, Inc. (Terracon) appreciates the opportunity to submit this July 2014 Quarterly Summary Report to the REC Program on behalf of Goldsboro Milling Company.

In accordance with the Work Plan for Remedial Investigation, dated September 24, 2013, Terracon recently conducted soil sampling activities at the site and has received the laboratory analytical results. Chlorinated compounds were detected in shallow soils near the feed sampling gallows platform. Additional groundwater monitoring wells have been authorized to assist in the delineation of the contaminant plume but these wells will be installed after planned repaving activities for truck access areas are initiated near the end of this month. **Terracon's work on this project is progressing on a schedule to achieve the mandatory work phase completion deadlines established in 15A NCAC 13C .0302(h).**

Sincerely,
Terracon Consultants, Inc.
