Dear Ms. Macdonald:

In accordance with Section III.E of the executed Registered Environmental Consultant (REC) Administrative Agreement for the Goldsboro Milling Company, Mill #1 Property, Terracon Consultants, Inc. (Terracon) appreciates the opportunity to submit this July 2015 Quarterly Summary Report to the REC Program on behalf of Goldsboro Milling Company.

In accordance with the Work Plan for Remedial Investigation, dated September 24, 2013 and in response to chlorinated compounds detected in the groundwater at depth, Terracon sampled four on-site water supply wells (WSW-1, WSW-4B, WSW-5A and WSW-8) on June 30, 2015. We are awaiting the laboratory results. Water supply well 6 was sampled in April 2015 and had no detections of chlorinated compounds. Based on the results from these activities, additional assessment may be needed to further delineate the contaminant plume in the groundwater. **Terracon's work on this project is progressing on a schedule to achieve the mandatory work phase completion deadlines established in 15A NCAC 13C .0302(h).**

Sincerely,
Terracon Consultants, Inc.

Christopher L. Corbitt, PG, RSM
Senior Project Manager
