Docket No. 13-SF-367

Dear Mr. Aufman:

On behalf of ECI, ERM NC, Inc. (ERM) has prepared this quarterly status update of activities for the 4th quarter of 2014 at the ECI - Elon site. During the reporting period, ERM completed the following activities:

- Implemented the on-site portion of the supplemental Phase II RI workplan with the installation of DW-2D.
- Acquired formal access to a downgradient, off-site Elon University property. Off-site well installation will be completed the first quarter of 2015; and
- Submitted and implemented an *Air Sparge Soil Vapor Extraction Pilot Test Workplan* (ERM November 6, 2014).

Progress is proceeding in a manner to achieve the mandatory work phase completion deadlines set out in 15A NCAC 13C .0302(h). Please note that the ECI site contact for the remediating party has changed from Mr. Tim Crater to Mr. Jimmy McCandies. Certification statements reflecting this change for the Remediating Party and RSM are attached. If you have any questions regarding this project, please contact me at 704-541-8345.

Sincerely,
