Subject: PCB Manifest Exception Report

Dear Administrator McTeer Toney:

This document contains the Exception Report for manifested PCB shipment 000718386WAS. Note that the signed manifest for this shipment was received after the 45 day limit for exception reporting.

According to 40 CFR 761.215(a)(2), an Exception Report is required for any PCB shipment for which the signed manifest is not returned within 45 days. This Exception Report must be submitted no more than 45 days from the date on which the generator should have received the manifest. In addition, the Exception Report must contain a legible copy of the manifest and a cover letter signed by the generator explaining the efforts taken to locate the shipment and the results of those efforts.

Exception Report:

On 11/19/2015, a small quantity (16 kg) of fluorescent lamp ballasts lacking "No PCB" labels was shipped for disposal on manifest 000718386WAS. As of 1/3/2016 (45 days), GNF-A had not received the signed manifest. This event triggered the need for submittal of this Exception Report on or before 2/17/2016.

Efforts to Locate the Shipment:

- After 35 days (12/24/15), the signed manifest had not been received.

- On 12/28/2015, the first business day after 12/24, GNF-A sent an e-mail to Terrell Carr, the Heritage Environmental account coordinator, inquiring about this manifest.
- On 12/30/2015, GNF-A again sent an e-mail inquiry to Heritage about this manifest. Heritage responded on the same day indicating the shipment was in transit within the Veolia 10-day network. Heritage promised to continue to monitor the status of the shipment.
- On 1/3/2016, the 45th day after the shipment, GNF-A did not have the returned manifest thus triggering the requirement to submit an Exception Report within 45 days (by 2/17/2016).
- On 1/5/2016, Heritage indicated that they were still tracking the shipment, but that it had not yet reached its final destination.
- The shipment was received on 1/11/2016 and the returned manifest was received on 1/12/2016.

Copy of the Manifest:

A copy of the signed, returned manifest is attached.
