Re: Walnut Avenue
Rhodhiss, Caldwell County
No ID Number

Dear Ms. Hendershot,

The Division of Waste Management, Superfund Section, Pre-Regulatory Landfill Unit has received and reviewed the April 19, 2013 cost proposal for the Location Research activities associated with Task Order PRLF014-1. Based on that review, the work plan and the cost proposal in the amount of \$8,556.52 is approved. This letter serves as notification of that approval and as authorization to proceed with activities associated with that work plan.

While the total expense on the invoice cannot exceed the amount approved, individual task components within this task approval may vary. Any increase in cost to this scope of work must be approved prior to implementation. A task order addendum must be requested to cover an additional scope of work or unforeseen site circumstances. Notify me immediately and request additional funds to cover eligible and reasonable costs. Cost of additional work conducted without approval will be ineligible for payment.

Please notify me of the date that field activities are scheduled so that the property owners may be notified. A report summarizing the results of findings should be provided no later three weeks after the site visit. If you have any questions, please contact me at (919) 707-8346.

Sincerely,

Analee Thornburg, Hydrogeologist
Pre-Regulatory Landfill Unit
Inactive Hazardous Sites Branch
Superfund Section
