**NCDENR- Superfund Section**  
**Inactive Hazardous Sites Branch**  
1646 Mail Service Center  
Raleigh, North Carolina 27699

**Re: *Davis Street Dump* ▪ *NONCD – Not Assigned***  
***Task Order 67***  
***Hertford County, North Carolina***  
***Contractor's Contract No. N11001S***  
***MM&A Project No.: NCUL167***

Dear Mr. Lefler:

On behalf of the **North Carolina Department of Environment and Natural Resources**, Division of Waste Management, Superfund Section, Inactive Hazardous Sites Branch, Pre-Regulatory Landfill Unit (the Unit), **Marshall Miller & Associates, Inc., (MM&A)** has attempted to conduct an investigation of the Pre-Regulatory Landfill Site listed as the Davis Street Dump in Hertford County, North Carolina. Information provided by the Unit indicated that the disposal area is located on property owned by Mr. Michael Neal and was formerly used for a local police shooting range. MM&A obtained Mr. Neal's mailing address and sent him a "Request for Site Access" letter by certified mail (**Attachment A**).

Mr. Neal called after receiving the letter and stated that after he purchased the property, he cleaned up the lead and had a letter from NCDENR stating the site has been cleaned up and is considered closed. He did not feel that we needed to visit the property as it would be a waste of taxpayer money. He further stated that he would send us a copy of the letter from NCDENR, along with some photographs and felt that would be sufficient. As of the date of this letter, MM&A has not received this information. Additionally, MM&A has tried on several occasions to contact Mr. Neal to arrange the site visit but have been unable to contact anyone or leave a

message. At this juncture, it is the opinion of MM&A that Mr. Neal will not cooperate with our request for site access, and we will need the Unit's assistance to obtain permission. The communication log is provided in **Attachment A**.

The following is a synopsis of the information collected to date.

An excerpt of the Ahoskie, North Carolina, United States Geological Survey 7.5" Topographic Quadrangle is included in **Attachment B** showing the location of the property owned by Mr. Neal. MM&A has obtained aerial photography of the vicinity of the property from the United States Geological Survey, and the United States Department of Agriculture, Aerial Photography Field Office, National Agricultural Imagery Program, and the United States Army and Air Force Map Service, dating as early as 1950. MM&A also obtained the GIS parcel information from Hertford County that allowed the property to be georeferenced in the aerials. Review of these photographs generally revealed no indication of site activities, though the resolution of the 1950, 1961, and 1982 photographs is poor quality and it is difficult to determine site activities. In the 1950, 1961, and 1975 photographs, the site appears to be cleared for agricultural purposes. In the 1998 and 2005 photographs, the site is wooded except for a cleared area on the eastern side of the property. Aerial photographs are included as **Attachment B**.

Additionally, the deeds for the property available online from the Hertford County Register of Deeds were located and reviewed. According to records, Mr. Neal purchased the property from the Town of Ahoskie on May 31, 2005 (Book 650, Page Number 600). The deed notes that the Town of Ahoskie will be responsible for the costs of the environmental clean-up of lead contamination. The deed identifies the PIN as 6902-18-8460, however elsewhere in the deed; the PIN is given as 6902-18-8420. A query of the Hertford County GIS website does not recognize those PINs but identifies the PIN of the subject property as 6902-18-9455. The location of this property (PIN 6902-18-9455) corresponds with the acreage and location provided by the Unit. The deed indicates that the property is located at the end of David Street in Ahoskie. However, the County GIS website and other map resources identify the street as Davis Street. Historical deeds indicating who owned the property prior to the Town of Ahoskie were

not available online. The deed is included in **Attachment C**. The subject property is located approximately 4,000 feet southeast of Martin Luther King/Ahoskie-Cofield Road. A site location map is included in **Attachment C**.

The report certification as specified in the Inactive Hazardous Sites Program, Guidelines for Addressing Pre-Regulatory Landfills & Dumps, August 2010 is provided in **Attachment D**. Please let us know if you have any questions or comments.

Sincerely,

**MARSHALL MILLER & ASSOCIATES, INC.**

**Re: Request for Site Access  
Property Identification Number: 6902-18-9455  
Davis Street Dump  
State ID: Unassigned  
Hertford County, North Carolina**

Dear Mr. Neal:

On behalf of the **North Carolina Department of Environment and Natural Resources (NCDENR)**, **Marshall Miller & Associates, Inc., (MM&A)** is submitting this information to you in order to request access to inspect your property located at the eastern terminus of Davis Street in Ahoskie, North Carolina; PIN: 6902-18-9455. The purpose of the requested inspection is explained in a copy of a letter from NCDENR, which is attached. I ask that you please contact us within one week from the date of this letter in order to discuss access to the property and to answer any questions that you may have. The undersigned can be reached via telephone at (919) 786-1414 or by e-mail at [tim.grant@mma1.com](mailto:tim.grant@mma1.com) (mma"one".com). You may also contact the NCDENR representatives listed on the attached letter with any questions.

Sincerely,  
**MARSHALL MILLER & ASSOCIATES, INC.**

Re: Pre-Regulatory Landfill Assessments

The North Carolina Department of Environment and Natural Resources' Division of Waste Management (State) has been tasked with gathering information and accurately locating pre-regulatory landfills. The State is in the process of compiling a statewide inventory of these sites. Over 700 pre-regulatory landfills are currently included on a list maintained by the State.

The General Assembly has appropriated funding through Senate Bill 1492 to determine the location of these landfills and identify potential hazards to the public and the environment. After reviewing the information contained in the State's files, your property and/or a nearby property may have been used as a landfill in the past. The State requests permission to inspect your property to look for the disposal area and the presence of any hazards that may exist because of the property's past use as a landfill. Any cataloged landfills determined not to be present will be removed from the State's list.

Marshall Miller & Associates, Inc. and Schnabel Engineering South, P.C. have been contracted by the State to perform location research and inspection of these pre-regulatory landfill sites. This inspection is for information gathering purposes only. By granting permission you are not assuming responsibility for any hazards found.

If you have any questions, please contact me at (919) 508-8463.

Sincerely,

Bruce E. Lefler Jr., Hydrogeologist

		<i>Zip Code</i>
Date	Time	Notes
02/28/2011	10:30	Mr. Luther Mitchell stated that he was familiar with the old dump, but that it was "long ago." Mr. Mitchell said that the site closed at least 10-12 years ago and was located approximately 1 mile past his home, though both estimates were rough guesses. He further indicated that it was now privately owned by a man who lives in Colerain, though he didn't know the owner's name. The site accepted household waste and may have recieved waste from waste collection companies. Mr. Mitchell stated that some waste may have been burried. -JH

Date	Time	Notes
03/07/2011	11:00	Mr. Neal called in response to our letter. He stated that the property was formerly used by the County for a shooting range and that when he purchased the property, he cleaned up the lead. He stated that he has a letter from the State that the site has been cleaned up and is considered close and that there was no need for us to visit the site. He also stated that he removed other debris such as refrigerators, that were lying around the site and placed soil over the site. He didn't remove any trash. The site currently has a stand of timber. Mr. Neal didn't want us to waste taxpayer dollars spend on the site visit when there was nothing to see. He will send us a copy of the letter from DENR and some photographs of the site and felt that should be enough information. TG
