Re: Implementation of New Construction and Demolition Landfill Rules

Dear Mr. Crissman:

I am writing requesting an extension to the September 1st deadline for submitting the Assessment of Corrective Measures (ACM). We understand that must a Corrective Action Plan must be submitted by June 30th, 2008 as part of the requirements of the new C&D rules and that the Solid Waste Section has limited resources and time to review and approve the ACM so that a Corrective Action Plan can be submitted by June 30th. However, Alexander County has been trying to obtain approval for access and purchase property from an unwillingly property owner for quite some time with no success. Consequently, we are asking for an extension to January 1, 2008 to submit the ACM.

If we fail to successfully accomplish the required tasks, we understand that we can no longer accept waste in our C&D Landfill beyond June 30th, 2008. Our C&D Landfill is a source of revenue, which helps fund our other solid waste management activities. We would like to thank you for any and all consideration you can give this matter. If you need any additional information, please do not hesitate to call me at (828) 632-1101 or email me at jmitchell@alexandercountync.gov.

Sincerely yours,

Josh Mitchell
Solid Waste Director
