Re: Corrective Action Extension Request – Land Use Restrictions and Preparation of Survey Plat Map  
Alexander County C&D over MSW Landfill  
Taylorsville, NC 28681

Permit No. 02-01  
MESCO Project No. G11047.0

Dear Ms. Drummond:

Municipal Engineering Services Company, P.A. (MESCO) has been contracted by Alexander County to perform Corrective Action. It has become clear MESCO will not meet the 90-day time line for submittal of the information requested in your April 15, 2011 letter. The delay is due to the slow nature of retrieving data from the County Registrars Office. On behalf of Alexander County, we request a 30-day extension from the end of the original 90-day period to submit the requested information to the Solid Waste Section. Alexander County is currently making great strides to comply with the corrective action procedures suggested in the Corrective Action Plan (CAP) and hopes to continue to successfully work with the Solid Waste Section to further resolve their contamination issues.

Please contact us by phone at (919) 772-5393 or by email at [mgerman@mesco.com](mailto:mgerman@mesco.com) with questions or comments.

Sincerely,  
MUNICIPAL ENGINEERING SERVICES CO., P.A.

Madeline German, PG
