Subject: Recordation of RJR Bertie Landfill Permit 08-02.

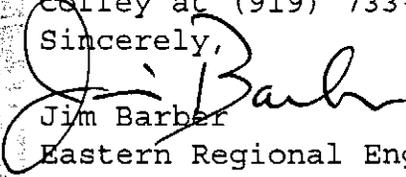

Dear Mr. Lamb:

Enclosed is a copy of RJR Tobacco Company's original landfill permit that was issued on 8 October 1984. While reviewing the Solid Waste Section records for information about this facility for closure it came to my attention that the permit for the referenced facility was improperly recorded. It is required that the entire permit, legal description and conditions, be recorded at the Register of Deeds Office in the courthouse of the county in which the landfill is located, in this case Bertie County, and that the Register of Deeds index this document in the Grantor Index. The Register's seal, with the date, book, and page number of recording shall be placed on the first page and the book and page number of recordation shall be on the remaining pages. Upon recording the enclosed document, forward a copy to:
