Certification of Suitable Cover
W.A. Page ACB Site / LCID Unit
Permit 1605
Doc ID 11521

By the close of business September 2, 2010, the Solid Waste Section (SWS) received certification regarding suitable cover of the landfill listed above. Ken Lacy, P.E. submitted the certification. The SWS entered the certification into its database and is identified as Doc ID 11520.

On May 20, 2010 the SWS received the deed (Doc ID 10667) for the site, which had also been requested as part of the closure procedure outlined in its letter, dated May 7, 2010 (Doc ID 10547). Referencing that letter, remaining is contact with the Environmental Specialist for an inspection of the site.

Following the inspection, the SWS will send a closure package. It will consist of a cover letter, copy of the Facility Compliance Audit Report (results of the inspection), and Letter of Closure. The Letter of Closure should be recorded with the county Register of Deeds. You will receive more instruction when reaching this final step of the closure process.

Thank you for your attention and cooperation. Please contact me if you have questions.
