BILL HOLMAN  
SECRETARY

Re: Approval of the Closure Plan, Weyerhaeuser Industrial Landfill,  
Permit Number 25-02, Craven County

WILLIAM L. MEYER  
DIRECTOR

Dear Mr. Gardner:

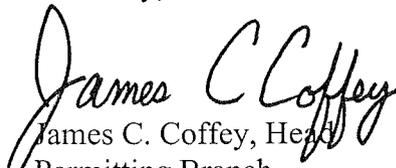

The purpose of this letter is to inform the owner/operator that the Solid Waste Section(Section) has conditionally approved the closure plan for the referenced industrial waste landfill submitted August 17, 2000.

In a letter dated September 22, 1999, the Section approved the Transition Plan for the referenced industrial waste landfill. As proposed in the Transition Plan, the landfill shall stop receiving waste after December 31, 2002. In addition, the Section required that a final closure plan be submitted prior to commencement of closure activities for approval by the Section. As stated above, this letter constitutes a conditional approval of the final closure plan submitted August 17, 2000.

This approval is conditional upon the Section's review of the closure documentation submitted for the initial phase of closure(an approximate 10-acre area in the western portion of the landfill). The Section may require revisions to the closure plan for the remainder of the landfill based upon the performance of the initial phase of closure.

If there are any questions, please contact me @ (919) 733-0692, extension 255.

Sincerely,

  
James C. Coffey, Head  
Permitting Branch  
Solid Waste Section
