SOLID WASTE SECTION
December 1, 2009

Mr. Craig Edwards – Area Manager of Environmental, Safety and Health
Stericycle, Inc.
4403 Republic Court
Concord, North Carolina 28027

Subject: Permit Status - Inactive
Sanitec Safewaste, LLC – Medical Waste Facility
Permit No. 36-10TP
Gaston County, DIN 8976

Dear Mr. Edwards:

On November 3, 2008 I received your letter entitled;

- *Closing Permit No. 11-06TP, Sanitec SafeWaste, LLC.* Prepared by Shaw Environmental, Inc. Prepared for Sanitec SafeWaste, LLC. October 29, 2008. DIN 6139.

In the letter you requested that Permit No. 36-10TP, Sanitec SafeWaste, LLC, located in Gaston County North Carolina, be rescinded. As a result of your request Mr. Charles Gerstell of the Division of Waste Management performed a Facility Compliance Audit on December 5, 2008, DIN 8137. In that audit Mr. Gerstell confirmed; the Company's request that the permit be rescinded, that all materials and equipment for the treatment and processing of medical waste had been removed and that the property and facility were clean. North Carolina General Statutes (NCGS) and Administrative Codes (NCAC) do not provide for the rescinding of Solid Waste permits, therefore, the Division hereby confirms that the Facility is closed. Permit No. 36-10TP has been placed in an Inactive/Closed status. This facility may no longer be used as a permitted solid waste management facility. In order for this property to be used as a permitted solid waste facility in the future the owner must have applied, to the Division, for a new permit and the Division must have issued a new permit, in accordance with the requirements of NCGS 130A and 15A NCAC 13B.

If you should have any questions regarding this letter you may contact me at (828) 296-4704 or my email address Larry.Frost@ncdenr.gov.

Sincerely,

Larry Frost
Regional Engineer
