Subject: Equipment Installation - Approval
MedWaste Solutions Treatment Facility
Gaston County, DIN 15360

Dear Mr. Sullivan:

On October 10, 2011 I received your letter entitled;

Permit Application. Prepared by MedWaste Solutions, LLC. October 6, 2011. DIN 15337.

The letter requests the Division of Waste Management (Division) allow the installation of medical waste treatment equipment at MedWaste Solution, LLC's proposed 148 Boxwood Lane facility, located in the City of Gastonia in Gaston County. The installation of the equipment will allow the permit applicant to obtain their Certificate of Occupancy from the City of Gastonia Building Inspector in a timelier manner. The Division approves the installation of the equipment prior to the issuance of a Permit to Operate, with the following condition and understandings;

- No medical waste will be received and no medical waste will be processed at the proposed facility prior to the receipt of a Permit to Operate.
- This approval does not assure MedWaste Solutions, LLC that a Permit to Operate will be issued. A complete review of the application must be accomplished, in accordance with North Carolina General Statutes and the North Carolina Administrative Code, prior to permit issuance.
- The Division accepts no responsibility for costs the applicant may incur.

If you should have any questions regarding this matter you may contact me at (828) 296-4704 or larry.frost@ncdenr.gov.

Sincerely,

Larry Frost
Environmental Engineer
