Re: Application for Continued Operation
City of Greensboro, White Street Compost Facility
Guilford County, Permit No. 41-03 Compost, Document ID No. 14409

Dear Ms. Hay:

The Division of Waste Management, Solid Waste Section (Section) has reviewed the permit application submitted for the continued operation of the City of Greensboro – White Street Compost Facility. The following comments are offered. Please make changes to the application as appropriate.

1. Based on the attention focused on Phase III and its future operation, I would recommend deleting the next to last sentence of the first paragraph of Section 1.1.
2. The aerial photographs in Exhibit 2A and 2B should show the compost plat boundaries and area within one-fourth mile.
3. Please update drawing YW 08-03-02 so that it is correct and consistent with other site drawings as discussed during my visit on May 19, 2011. Make sure that the legend includes all the lines shown. It appears that all the drawings use the same lines and you may want to have a cover page that includes a legend that would apply to all drawings.

If you have any questions regarding this matter, please contact me at (919) 508-8520 or by email at pat.backus@ncdenr.gov.

Sincerely,

Patricia Backus, P.E.
Environmental Engineer
Solid Waste Section
