Subject: Approved Corrective Action Plan and Financial Assurance for Corrective Action  
Halifax County C & D Landfill, Area 1, Permit 42-04  
Doc ID 7989

Dear Mr. Ralph:

The Solid Waste Section (SWS) received the electronic copy of the final Corrective Action Plan (CAP) proposed for the Halifax County Landfill, Area 1. Richardson Smith Gardner & Associates (RSG) submitted it on September 29, 2009. The final CAP (Doc ID 8694) replaces the draft CAP (Doc ID 7359) submitted on May 29, 2009 and approved on June 8, 2009. The draft CAP consisted of "text only" and selected revisions and updates. The SWS requested both a hard copy and electronic copy of the final CAP consisting of all revised and updated documentation.

Included in the final CAP is the estimated cost for corrective action. The SWS had requested this information in its letter dated June 8, 2009 (Doc ID 7668). The SWS also received the revised financial assurance mechanism it requested (Doc ID 7360), which had been submitted separate from the final CAP.

Corrective action described in the final CAP is the selected remedy for groundwater contamination described in the Assessment of Corrective Measures report for the Halifax County C&D Landfill, received December 27, 2007. Corrective action should be implemented in accordance with Regulations 15A NCAC 13B .1637 and 15A NCAC 13B .0547. Contingency plans presented in the CAP should be implemented if the remedy fails. Alternative corrective action should be recommended if the CAP fails.
