Subject: LFG Project – Construction Approval
Francis Farm MSW Landfill
Haywood County, Permit #44-03, Document ID No. 10035

Mr. King:

The Division of Waste Management, Solid Waste Section (Section) has reviewed the document titled *Request for Additional Information - Construction Plan Approval, Gas Collection and Combustion System*, March 8, 2010 (DIN 10004). This document was submitted on your behalf by McGill Associates and was received by the Section on March 11, 2010.

The Section has determined all of the pre-construction information previously requested has been submitted and satisfies the requirements. As a result, the Section is granting construction approval for the Landfill Gas Collection and Combustion System as designed. As a reminder, any significant deviations from the plan must be approved by the Section and require submission of as built drawings. Also, the previously stated (DIN 9476) completion report and requirements for the Permit to Operate modification must be submitted and approved by the Section prior to operation of the system.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncmail.net.

Sincerely,

Allen Gaither
Environmental Engineer
