Subject: RE: FFLF Groundwater Assessment Schedule & Report Dealine

Hi Andy. Thank you for the update on the Francis Farm LF in Haywood Co. The Section approves the extension request of the report submittal on or about August 19, 2011. Also, I look forward to reviewing the groundwater sampling matrix for the next round of monitoring.

Please let me know if you need any further assistance or have any questions/concerns.

Elizabeth

Subject: FFLF Groundwater Assessment Schedule & Report Dealine

Hello Elizabeth,

I met with Haywood County and McGill at FFLF on Tuesday. We identified 6 new well locations and Haywood County has been tasked with obtaining installation agreements with the property owners. We want to include a well location plan in our report but the report is due "on or about June 10, 2011." I request an extension to on or about August 19, 2011 to be able to include our plans for the new wells.

Also, we need to make a temporary modification to the groundwater sampling matrix for August 2011 because of some of the compounds detected in February 2011. I am going to send you a revised matrix sometime soon for your review and approval.

Thanks and please let me know if the August 19, 2011 report deadline is acceptable to the DWM. --Andy
