Subject: Closure Activities – Extension Approval
Henderson County Solid Waste Landfill Facility
Permit No. 45-01
Henderson County
DIN 7313

Dear Mr. Jones:

The Division of Waste Management, Solid Waste Section (Section) received your fax request for an extension of closure activities on April 15, 2009 entitled:

- *Closure Extension, Henderson County Solid Waste Landfill Facility, Permit No. 45-01, Henderson County, North Carolina.* Prepared by McGill Associates. Prepared for Henderson County. April 15, 2009. DIN 7312

In addition, the Section received a hardcopy letter request on April 20, 2009 providing a revised schedule for closure activities.

As requested, the letter updates progress and provides a revised schedule of closure activities. Therefore, Henderson County is granted a one-time extension for completion of all closure activities related to the Construction and Demolition Debris Landfill. To that end, all closure activities, including a site inspection by Andrea Keller with the Field Operations Branch, must be completed no later than June 30, 2009. Once closure is deemed complete and satisfactory the Section will issue an approval letter.

If you should have any questions regarding this matter please contact me at (828) 296-4704.

Sincerely,

Larry Frost
Regional Engineer
