Re: Revised Groundwater Monitoring Plan Approval
C&D Landfill, Inc. Phase 2, Cell 2A
Pitt County, North Carolina
Permit No. 74-07
Doc ID No. 7926

Dear Mr. Whitehurst:

This letter is to clarify some miscommunication between David Garrett, myself and Jackie Drummond of the Compliance Branch. The Solid Waste Section (Section) stated in a June 26, 2009 letter that the Appendix II assessment sampling of MW-10, MW-11 and MW-12 will not count for the baseline sampling required for all new monitoring wells before the issuance of the Permit to Operate.

The Section will grant C&D Landfill, Inc. to apply the Appendix 1 data from the Appendix II assessment monitoring of MW-10, MW-11 and MW-12 toward the baseline sampling for the new monitoring wells as long as all the wells (MW-9A, MW-10, MW-11, MW-12, MW-13, MW14s and MW-14d) are sampled during the same sampling event. The new groundwater monitoring wells (MW-9A, MW-10, MW-11, MW-12, MW-13, MW14s and MW-14d) associated with Phase 2, Cell 2A must be sampled for the Appendix I constituent list prior to the Section issuing the Permit to Operate. In addition to a hard copy report, provide the Section with an electronic copy of the groundwater and surface water monitoring data collected at the landfill facility. Guidelines for sampling groundwater and surface water, and submitting data electronically can be located at the Section's web site:

http://wastenotnc.org/swhome/technical_assistance.asp

If you have any questions, please do not hesitate to contact me via email
Elizabeth.werner@ncdenr.gov or phone (919) 508-8496.

Sincerely,

Elizabeth S. Werner
