Re: Corrective Action Plan (C.A.P.)
City of Albemarle, active C&D Landfill on top of closed MSW Landfill, Permit #84-01
Stanly County
Additional Information Request
Tracking # 6647

Dear Lambert:

A Corrective Action Plan was submitted by Municipal Engineering, Services Company, P.A. on July 1, 2008, pertaining to the facility stated above and the plan is currently under revision at this time. Based on conversations with Mr. Sean Patrick of Municipal Engineering, Services Company, P.A., a revised Correction Plan is to be submitted by mid February 2009.

The deadline for the submittal of a complete corrective action plan was July 1, 2008. Therefore, if a revised corrective action plan for this facility is not submitted by Friday, February 13, 2009, enforcement action maybe initiated. The Solid Waste Section (SWS) solicits your cooperation and would like to avoid taking enforcement action. At the same time, it is your responsibility to comply with the requirements of the Solid Waste Management Statute and the North Carolina Administrative Code, since the rules are self- implementing. Please complete the remaining requirement of 15A NCAC 13B .1636-1637 and .0547. Failure to continue the groundwater corrective action process pursuant to 15A NCAC 13B .1636-.1637 and .0547 may result in enforcement action. Pursuant to N.C.G. S. 130A-22, an administrative penalty of up to \$15,000 per day may be assessed for each violation of the Solid Waste Statutes or Regulations.

If you, your Geologic Consultant, or your Engineering Consultant have any questions, or wish to schedule a meeting to discuss the items referenced in this letter, please call me at 919-508-8524.

Sincerely,

Brian Wootton
Hydrogeologist
