Subject: Semi-Annual Sampling Report to include MNA Report

Municipal Engineering Services Co, P.A. (MESCO) will begin submitting Monitored Natural Attenuation (MNA) reports incorporated in the traditional semi-annual sampling reports. We intend to make this change for reports submitted after this date.

We hope this will help reduce the paperwork load and streamline relevant site information. Please contact us with any questions or comments at 919-772-5393.

Thank you.
