Roxboro Plant Gypsum Storage Pad
Coal Combustion By-Products
Notification for Completion of Structural Fill

Dear Mr. Mussler:

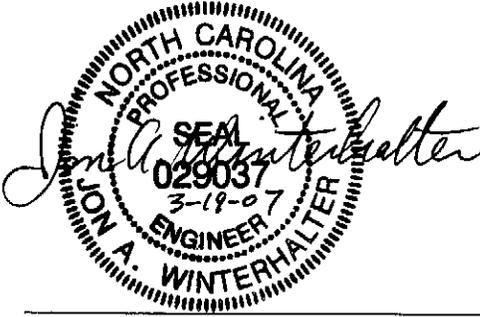

The construction of the gypsum storage pad that incorporated coal ash as structural fill is complete. The attached certification from the registered engineer of record is completed per 15A NCAC 13B .1706(d). We will record to the property deed the volume and location of coal ash used as fill. Once this is completed, we will forward a copy of this recordation to the Division. Please contact Mr. Steven B. Conner at (336) 597-6292 or Mr. William E. Milam, Jr. at (336) 597-6284 if there are any questions concerning the information submitted.

Sincerely,

Cecil E. Rowland
Plant Manager
