Re: Permit to Operate Existing Phase 2 Area
Coble's C&D Landfill
Alamance County, North Carolina
Permit No. 01-05 Doc ID No. 6889

Dear Mr. and Ms. Coble:

Enclosed is the above referenced Permit to Operate extending disposal operations in the existing Phase 2 area. Please note the following:

1. Issuance of this permit does not grant any authorization for disposal operations in the recently approved expansion Phase 3 area.
2. You will need to demonstrate that the conditions contained in the Permit to Construct for Phase 3 are satisfied before a Permit to Operate for Phase 3 can be issued.
3. The Permit to Operate for Phase 2 will expire January 30, 2014. Any additional permit issued before will require payment of a modification fee. The amount of the modification fee will be based on the annual tonnage disposed at the time of the application.

Thank you for your cooperation in this process. If you have questions about the permit conditions or have questions regarding operation of the facility, please contact either me at 919.508.8498 or Chris Marriott, Environmental Senior Specialist for the facility, at 336.771.5090.

Sincerely,

Geoffrey H. Little
Environmental Engineer
