Subject: Approval – LFG Monitoring Plan
Closed MSW Landfill
Avery County, Permit #06-01, Document ID No. 9798

Dear Mr. Norris:

The Division of Waste Management, Solid Waste Section (Section) has completed review of the document titled *Landfill Gas Monitoring Plan*, January 2010 (DIN 9527). The document was submitted on your behalf by Richardson, Smith, Gardner and Associates and was received in the Asheville Regional Office on February 1, 2010.

It has been determined the Landfill Gas Monitoring Plan satisfies the requirements of 15A NCAC 13B.0503(2)(a)(i) and (ii) and is, therefore, approved. There are no permit changes associated with this activity so no permit fee will be assessed. However, the Landfill Gas Monitoring Plan must be maintained on site and submitted to the Section at the time of the next permitting activity. You must notify the Section if the proposed activities change significantly from the information submitted.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
