Subject: Determination of Completeness – Permit to Construct
Construction & Demolition Landfill Phase III
Avery County, Permit #06-03, Document ID No. 7282

Dear Mr. Norris:

The Division of Waste Management, Solid Waste Section (Section) received two copies of the document titled *Permit to Construct Application, Phase III, Avery County C&D Landfill, Ingalls, North Carolina*, February 2009 (DIN 6894). This application was submitted on your behalf by Richardson, Smith, Gardner & Associates and was received by the Section on February 24, 2009.

The submittals have been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. All of the components required by Rule .0535(b) have been submitted so the application is deemed complete. The permit activity fee required by General Statute 130A-295.8(c) has been paid so a technical review of the application will begin as soon as possible. Mr. Zinith Barbee will conduct a technical review of the updated Monitoring Plan and submit comments under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703.

Sincerely,

Allen Gaither
Environmental Engineer
