Newland, North Carolina 28657

Subject: Avery County C&D Landfill Expansion, Phase III  
Water Quality Monitoring Plan  
Permit 06-03  
Doc ID 7739

Dear Mr. Norris:

The Solid Waste Section (SWS) approved the Water Quality Monitoring Plan (plan) for the Avery County C&D Landfill, Phase III. Richardson Smith Gardner & Associates (RSG) submitted the plan, which is Attachment I in the Permit to Construct (PTC) application for Phase III (Doc ID 6894). This notice confirms the SWS's prior verbal approval of the plan.

Per correspondence from the SWS, dated November 18, 2008 (Doc ID 6258), Phase III is within area previously characterized in hydrogeologic studies for Phase I and Phase II. These phases are depicted in the document, entitled "Revised Site Study" (Doc ID 4444) submitted in April, 2008. Therefore, the plan for Phase I and Phase II applies to the proposed Phase III depicted in the PTC.

Please contact me if you have any questions. I can be reached at 919-508-8401 or at [zinith.barbee@ncdenr.gov](mailto:zinith.barbee@ncdenr.gov).

Sincerely,

Zinith Barbee  
Hydrogeologist  
Solid Waste Section
