Subject: Determination of Completeness – PTC Application
Buncombe C&D Landfill, Phase 5
Buncombe County, Permit #11-07, Document ID No. 7757

Mr. Mears:

The Division of Waste Management, Solid Waste Section (Section) has reviewed the documents titled *C&D Landfill Substantial Amendment and Phase 5 Permit to Construct Application: Volumes 1 and 2*, April 2009. The documents were submitted on your behalf by CDM and were received by the Section on April 29, 2009.

The submittals have been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. All of the components required by Rule .0535(b) and (c) have been submitted. However, according to our records, the permit activity fee required by General Statute 130A-295.8(c) has not been paid so the application is deemed incomplete. The technical review of the application will begin as soon as the required permit activity fee has been paid.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
