Re: Compliance Review for Cabarrus LCID Landfill, Permit #13-F, Cabarrus County, North Carolina

Dear Mr. McCure:

The agency received your application on May 19, 2008, for the amendment of Permit # 13-F. Under N.C.G.S. § 130A-294 (b2)(2), the agency will be conducting a review to determine your past compliance with federal and state laws, regulations, and rules for the protection of the environment.

To begin the review, please provide organizational charts for McCure Equipment Sales with explanatory text that shows all business entities that are direct or indirect parents, subsidiaries or other affiliates of McCure Equipment Sales and depicts the relationships among all entities shown on each chart. The charts shall also include any partnerships and joint ventures in which any of the entities are engaged or which have a financial interest in any of the entities. For all business entities identified in the organizational charts, please identify those business entities which operated under a previous business name and identify the prior business name.

After review of the organizational charts the agency will request additional follow-up information. Please be advised that under subsection N.C.G.S. § 130A-294(b3), the agency is not required to review the application until you have satisfied the agency that you have met the requirements of subsection (b2). The agency will also conduct a compliance review under N.C.G.S. § 130A-309.06(b), which pertains to McCure Equipment Sales violations of statutes, rules, orders, or permit terms or conditions relating to any solid waste management facility in this State. If you are a business entity, the compliance review may extend to any other parent, subsidiary, or other affiliate, as well as a partner, a corporate officer or director, or a stockholder holding over 50% of the stock.

Sincerely,

Amy Kadrie
