Re: Permit to Construct and Operate
Cieszko LCID Landfill
Craven County, North Carolina
Permit No. 25-I
Doc ID No. RCO223

Dear Mr. Cieszko:

Enclosed is a Certified Copy of the Solid Waste Permit for the above referenced Land Clearing & Inert Debris (LCID) landfill. Please note that the document is a combined Permit to Construct and Operate as allowed under N.C. Solid Waste Management Rule .0201(c). In your review of the permit conditions, please note the following:

1. Issuance of the permit does not exempt an applicant from any local ordinances that may regulate a facility and the responsibility of compliance with any applicable ordinance lies with the permit holder.
2. Condition No. 1 states that the permit shall not be effective until the certified copy is filed in the Register of Deeds office and the copy is returned to the Solid Waste Section within thirty (30) working days from date received with the page and book number, date of recordation, and Register's seal affixed on the certified copy.
3. Condition No. 7 requires that a pre-operative meeting be held and that outlines the pre-operative conditions that need to be met prior to operation.

Please contact Ray Williams, Regional Waste Management Specialist for your area, when you are ready to schedule this meeting. Mr. Williams can be reached in our Wilmington Regional Office at (910) 796-7388. If you have questions about your permit, please contact me at (919) 508-8510.

Sincerely,

Tomi Wyche, EI

Facility Permit No: 25-1
Craven County
Permit to Construct / Permit to Operate
Doc ID: RCO222
May 8, 2006
Page 3 of 4**ATTACHMENT 2****Conditions of Permit to Construct and Operate****Part 1: General Facility Conditions:**

1. **This permit shall not be effective unless the certified copy is filed in the Register of Deeds office and indexed in the grantor index under the name of the owner of the land in the county or counties in which the land is located. The certified copy of the permit, affixed with the Register's seal and the date, book, and page number of recording shall be returned to the Division of Solid Waste Management.**
2. **When this property is sold, leased, conveyed, or transferred, the deed or other instrument of transfer shall contain in the deed description section in no smaller type than that used in the body of the deed or instrument a statement that the property has been used as a land clearing and inert debris landfill.**
3. **This permit is not transferable.**
4. **This permit is issued for a period not to exceed five years from the date of issuance of this permit, May 8, 2006.**
5. **This facility is permitted to receive land clearing waste, yard trash, untreated and unpainted wood, and inert debris such as rock, brick, concrete, concrete block, and uncontaminated soil. Waste acceptance requirements may be affected by future revisions and amendments to the NC General Statutes, or to the NC Solid Waste Management Rules.**
6. **This permit is for the construction and operation of the landfill in accordance with the approved plans. Any revision to the construction or operation of the facility requires written approval by the North Carolina Solid Waste Section. Construction or operation of future cells or phases will require written approval of the Section.**
7. **The following requirements shall be met prior to receiving solid waste at the facility:**
 - a. **A site inspection and pre-operative meeting shall be conducted by a representative of the Solid Waste Section. The Permittee shall notify the Section's Waste Management Specialist and make arrangements for the site inspection and pre-operative meeting.**
 - b. **A sign shall be posted at the entrance as required by the NC Solid Waste Management Rules Operational Requirements, 15A NCAC 13B .0566 (16).**
 - c. **A certification letter, from a Registered Professional Engineer, shall be submitted to the Section stating that the facility has been constructed in accordance with the approved plans.**
 - d. **Survey stakes shall be installed to delineate waste the boundary of the waste.**

- c. The Solid Waste inspector shall notify the Permitting Branch Supervisor in writing by letter or e-mail, that the site is acceptable and may commence accepting waste. The owner/ operator shall be copied on the notification and may commence receiving waste at that time.
8. This facility shall conform to the operational requirements of the NC Solid Waste Management Rules, 15A NCAC 13B .0566, and to the operational plan required by 15A NCAC 13B .0565(4) identified as Document 1, Attachment 1.
 9. Amendments or revisions to the NC Solid Waste Management Rules or any violation of groundwater standards may necessitate modification of the approved plans or closure of the facility.
 10. Ground water quality at this facility is subject to the classification and remedial action provisions of 15 NCAC 2L.
 11. An approved sedimentation and erosion control plan shall be obtained prior to the beginning of earth disturbing activities and all such activities shall be conducted in accordance with the Sedimentation Pollution Control Act of 1973 (15 NCAC 4) along with any other state, federal or local requirements.
 12. Waste shall be placed a minimum of four (4) feet above the seasonal high water table.
 13. Open burning of land clearing waste is **PROHIBITED**.

Tyrus,
Please forward this email on to Mr. Martin Cieszko, owner/operator of Cieszko LCID.

Pursuant to Condition: Part 1 (1), the Section received a certified copy of the permit (June 1, 2006) that has been filed with the Register of Deeds office. In accordance with Condition: Part 1 (7) e, the email message below serves as notification to the Permitting Branch Supervisor that the site is acceptable and the facility may commence accepting waste.

A letter will be mailed shortly reiterating the info provided in this email. In the meantime, please contact me with any questions.

Ed,
I did a pre-op inspection of the Cieszko Construction Company LCID landfill, permit #25-I last Tuesday 8 August. I met with Martin Cieszko and CT Clayton, the P.E. who did the engineering on the project. The site looks good and they are ready to go. If you have any questions about the facility let me know.
Ray
